## Dr. Osbaldeston Found a Suicide

Arrested Three Years Ago on Half-Century Old Charge of Horse Stealing—Visited All Corners of Earth as Soldier and Physician.

Asbury Park, N. J., Feb. 18 (AP).—Edwin Pye Turner Osbaldeston, 99-year-old veteran of the Civil War, who became front page news three years ago when a grey-haired deputy sheriff from New York state arrested him on a half-century old charge of horse stealing, was found a suicide today.

The old physician was found dying on the floor of his two-room home by a patrolman. To the day up to his death he stoutly denied he ever had committed an act of wrong doing, and said that a half brother who bore the same name and a striking resemblance to him was the "Edwin Turner" who appeared on the records as a horse thief and jail breaker in England, N. Y., in 1880.

Deputy Sheriff H. Foster Black, his cruiser, died more than a year ago at the age of 91. Said to have been born in Cheltenham, England, the son of a Morgan marriage of the Earl of Onslow, Dr. Osbaldeston's career as a soldier and physician took him to all corners of the earth. He told friends he was tutored with the Prince of Wales who later became King Edward VII. He was the son of his mother with the Dr. was annulled by the king.

Dr. Osbaldeston said he received his military training at the Royal Military Academy and was made a lieutenant at the outbreak of the Crimean War. He was in battles of Balaclava, Sebastopol and Alma. He received a fractured skull at Alma, and was invalided home. Subsequent adventures found him in the Antipodes, where he was a member of the British commission investigating causes of unrest among New Zealand natives. He married a woman there who disappeared while hunting along for kangaroos.

With his seven months old daughter, he then came to this country eventually becoming a citizen.

Dr. Osbaldeston said he founded the New York School of Training for Massage, and at various times was private masseur to John D. Rockefeller and Alfred K. Vanderbilt.

He claimed to have fought two duels in Germany, killing both opponents, and duels in Australia and in France. The duels in Germany brought him sixteen months imprisonment at Bonn, until the intervention of the American ambassador. He returned to America and resumed the practice of massage after that.

He was married three times and had 12 children, only two of whom are said to be living.

**MISS KLINK'S BODY FOUND IN SUSQUEHANNA RIVER.**

Harrisburg, Pa., Feb. 18 (AP).—The Susquehanna River has given to the body of Miss Verna Klink, 21-year-old candy store manager, and the police today announced that Harry B. Bowman, perfume salesman probably would be charged with her murder.

Bowman has been held in the Dauphin county jail since his arrest January 28, three days after Miss Klink disappeared, but the charges against him were those resulting only from his admissions that money found on him had belonged to the missing woman. He was successively accused of robbery, conspiracy to rob and larceny, as well as of two charges based on his alleged relationship with Mrs. Ethel Miller, upon whom police claim he spent the money obtained from Miss Klink. The bail of \$15,000 was sufficient to hold him in prison while the search for Miss Klink's body continued.

That search came to an end yesterday when, after 23 days of futile dragging of the river near the spot where the missing woman was last seen, her body was found, three miles down the stream, caught against a rock 35 feet from shore.

Several bills to provide for abolishment of the state enumeration already are before the Legislature.

## Jewelry Case In County Court

The last case to be tried before a jury in attendance at the January term of county court was taken up this morning, the jurors not on the present case were excused for the term with the thanks of the court for their services both in the trial of civil and criminal matters.

Arthur M. Cohen and Samuel Platzner, co-partners, engaged in the jewelry sales business are suing Conrad Robinson of this city to recover the amount of money which they claim is due them from the sale of a certain consignment of rings which they claim defendant bought while he was engaged in the jewelry business in this city.

At the time of the sale, as the plaintiffs claim, Robinson purchased at cost a diamond in consideration as they claim that he bought certain rings. The rings were shipped and later Robinson returned many of them, he claiming the rings were sent on memo or to be sold by him with the privilege of returning the unsold ones to the firm of Cohen & Platzner. The plaintiffs claim it was a sale and not a shipment or consignment.

Milton O. Auchmoody appears for plaintiffs and Frank W. Brooks and Amos Van Etten for defendant. The action is an appeal from Kingston City court.

## CAMPAIGN IN MENTAL HYGIENE A NECESSITY

Albany, Feb. 18 (AP).—Inauguration of a campaign in mental hygiene by the state, similar to that conducted in the interests of public health, was described as a necessity in preventive work relating to mental diseases in the report of Dr. Frederick W. Parsons, commissioner of mental hygiene, prepared for submission to the Governor and Legislature today.

Dr. Parsons said although the state had been doing some preventive work it had been greatly assisted by the State Charities Aid Association, the National Committee for Mental Hygiene and the individual work in some communities of psychiatrists and public spirited citizens. The energies of the state, the commissioner said, had been expended in the past chiefly toward the care and treatment of mental diseases rather than toward prevention.

## Rules Governing Foreign Aircraft Over Canal Zone

Washington, Feb. 18 (AP).—President Coolidge issued an executive order today setting forth the principles to govern flight of foreign aircraft over the Panama Canal Zone.

Regulations conforming with the principles noted by the President are to be drawn up by the governor of the Canal Zone.

Under the rules promulgated by Mr. Coolidge foreign aircraft must enter the Canal Zone by specified routes and must land at designated airports before leaving the zone. At these places clearance papers must be obtained and a customs inspection will be made. The necessity of forced landings at other points must be provided.

The carrying of arms, ammunition or other implements of war is prohibited. Foreign aviators are forbidden also to take photographs.

The prescribed routes and landing places will be designated by the governor of the Canal Zone.

Mr. Coolidge's principles were drawn upon recommendation of the state, war, navy, treasury, post office and commerce departments.

## Snell to Confer With Coolidge

Washington, Feb. 18 (AP).—Chairman Snell of the House rules committee was called to the White House today by President Coolidge for a conference on the legislative prospects for the remaining days of the congressional session, which now has only two weeks to run.

The president, Snell said afterwards, was particularly interested in the outlook as to Muscle Shoals legislation. Snell declared that he wanted to obtain legislation upon this subject, but thought it was impractical to bring it up at this time. He added that owing to what he termed "confusion in the committee," there was no possibility of obtaining action.

The chairman referred to the military committee's approval of the bill to lease the Shoals to the American Cyanamid Company at a meeting not attended by Chairman McNamara and declared by him to have been illegal. The committee action was sustained, however, by Speaker Longworth.

Snell said he doubted whether the Jones Senate bill increasing penalties for violations of the prohibition law could be passed at this time and declared that the "real friends of prohibition" seriously doubt the efficacy of the measure. He was emphatic of the opinion that there is no possibility of enactment at this session of railroad consolidation legislation, as urged by the president in his annual message.

## FOUND SHOT TO DEATH ON STEPS OF CHURCH

Kenosha, Wis., Feb. 18 (AP).—Gang warfare in the Chicago manner left Anton Lanzillotte dead on the steps of Holy Rosary Church last night, shot down by machine gun fire from an automobile.

In Lanzillotte's hand was a pistol from which six shots had been fired. Police were convinced Lanzillotte was shot several blocks from the church, and could not explain how he reached the steps on which his body was found unless his slayers carried him there.

Lanzillotte, who was 25 years old, was soon to have appeared before a grand jury investigating a slaying last November.

## No Progress In Chicago Slayings

Chicago, Feb. 18 (AP).—The purple tides from the gang massacre picture and the blue of police uniforms again tint the canvas.

The state's attorney's office expressed itself today as satisfied that the purple tides of Detroit had no important part in last Thursday's slaying of seven. At the same time investigators were given further testimony that two of the slayers were dressed as police officers.

A discouraging lack of definite progress was reported both by police and by the state's attorney. In the four days since seven members of the George (Bugs) Moran gang were lined against a brick wall and slain there has been no arrest of a single suspect. It was pointed out by David Stansbury, in charge of the investigation for the state's attorney.

H. Bruce Caldwell, president of the board of education, volunteered new information last night which accelerated the investigation. Caldwell told of seeing a man in a police uniform at the time a machine ran through a red light a few blocks north of the garage in which the murders were committed.

Caldwell fixed the time of the incident as a few minutes before the slaying took place. Two men in the car, he said, wore police uniforms, and there were three others in civilian clothes in the machine.

It has been an accepted theory with investigators that the Gusebnbergs, Frank and Phil, who were among those killed, never would have lined up with their faces to the wall unless they had believed the men who invaded the garage were not dangerous. If the Gusebnbergs and their companions had recognized the invaders as policemen, or had reason to believe them policemen, they would have been willing to turn their backs to the guns, as they did, and "stand a search," detectives said.

## TWO ARE VICTIMS OF HOME-MADE CONTRIVANCE

Lambertville, N. J., Feb. 18 (AP).—Charles Allen, 48, and his wife, May, 45, were found dead in their home here today, victims of a home-made contrivance allegedly designed to steal gas by diverting it from the meter.

Police found a crude rubber hose connecting the main gas line and diverting the flow of gas from the inlet and outlet tubes on the meter.

As reconstructed by the troopers, the tragedy occurred Saturday night when the rubber hose, unable to stand the pressure of the gas flow, broke. Allen awakened and staggered into his wife's room. He fell several times, knocking down furniture in his path. After opening the window in his wife's room, he started downstairs to telephone for help. He collapsed and fell to the bottom of the stairs dead.

Four cats and a dog were found dead on the first floor.

Last Heard From Him Was On December 4 When He Wrote He Was Leaving West to Return to Kingston—Was Expected Here Early in January.

Henry Pfrommer, who was rooming in Los Angeles, California, wrote his sister, Mrs. Christina Weber, of 101 Spring street, on December 6 of last year that he was leaving that place for San Francisco and from there would proceed on a trip up through Washington and Oregon and into British Columbia and expected to arrive in Kingston shortly after the first of the year. That was the last that his family here had heard of him.

As the days passed and no further word was received from him the matter was taken up with his landlady in Los Angeles who wrote back that Pfrommer had left there early in December, expecting to make the trip stated and had said he would write her when he arrived in Kingston. She had not seen or heard from him since. The family have taken up the matter with the Masonic fraternity of which he was a member, but they also have failed to get track of the missing man.

Mr. Pfrommer is a brother of Charles, John D. and Joseph Pfrommer of Kingston, and is a former resident. Before leaving for California about a year ago he was employed as assistant steward at the TenEyck Hotel in Albany. While visiting in Kingston he always stopped with his sister on Spring street.

## Hoover Leaves For Washington

Miami, Fla., Feb. 18 (AP).—President-elect Hoover bade farewell today to this land of sunshine, heading for Washington on a special train which left here at 10:30 a. m.

Like the two days just past this was one of intense heat, almost like a July day in the national capital, hotter perhaps than any Mr. Hoover encountered on his Latin-American tour.

The next President and Mrs. Hoover occupied a private car alone, but several of their friends had compartments in other cars of the long train.

Before leaving Miami, President-elect Hoover stopped to express his appreciation to the manner in which the people welcomed him.

"I want to express my appreciation to the people of Miami and Florida," he said, "they have given us a very happy vacation and we hope to be able to come again."

A schedule of 27 hours, two hours faster than that of the regular trains, had been made for the Hoover special with only such stops enroute to Washington as will be made necessary for operating purposes.

## Secretary Kills Doheny and Self

Edward L. Doheny, Jr., shot to Death by His Secretary and Friend, Who Then Turns Gun on Himself—Tragedy Occurs in Doheny Home.

Los Angeles, Feb. 18 (AP).—The slaying of Edward L. Doheny, Jr., heir to the Doheny oil millions, by his secretary and friend, Theodore Hugh Plunkett, who committed suicide, was looked upon today by investigating officials as the deed of a man temporarily deranged.

Doheny, 36 years old, was shot to death in his pretentious home here late Saturday night as his family awaited the arrival of Dr. E. C. Fishbaugh to treat Plunkett for a threatened nervous breakdown. When confronted by the physician Plunkett retreated to the room in which Doheny's body lay and shot himself through the head. The doctor found both men dead.

Several points regarding the murder and suicide remained to be cleared up, however. Whether there had been a struggle as Doheny had attempted to quiet Plunkett was uncertain. The furniture had been disarranged. An overturned bottle and several glasses were on a table.

Since Plunkett's wife obtained an uncontested divorce last October, investigators of the district attorney's office said, young Doheny's secretary had developed a nervous ailment which had become serious. Dr. Fishbaugh, the Doheny family physician for 10 years, at the request of Doheny, Jr., had attended Plunkett.

Saturday afternoon, a few hours before the double tragedy, a family conference took place, which had become worse as the result of his refusal to abide by the physician's instructions. The conference attempted to induce Plunkett, who was living at "Greystone," the home of young Doheny, to go to a sanitarium for rest and treatment. They said Plunkett had refused to go.

Dr. Fishbaugh, who was the first to see the bodies, expressed the opinion that Doheny had gone to Plunkett's room late in the evening to observe his condition and that he had found the secretary to be in a mentally serious condition.

Dr. Fishbaugh, who had been requested by young Doheny to hold himself ready to go to "Greystone" on short notice, arrived shortly before midnight after having been called out of a theatre. Mrs. Doheny met him at the door, saying her husband was talking to Plunkett in the latter's room.

Mrs. Doheny said later she had heard an unusual noise in the house but thought it was the sound of a piece of furniture being overturned. She was about 75 feet from the death room at the time and did not recognize it as a pistol shot.

When Dr. Fishbaugh was shown to the bedroom door by Mrs. Doheny they found Plunkett standing in the hall.

"You stay out of here!" he shouted, according to Dr. Fishbaugh. The doctor said Plunkett wheeled then and entered the bedroom. An instant later a shot rang out. Dr. Fishbaugh sent Mrs. Doheny back to the living room, opened the bedroom door, and found the two bodies.

Doheny had been shot through the head, the bullet entering just above the left ear. Plunkett had a bullet hole through his forehead.

Edward L. Doheny, founder of the huge oil business, which he had left largely in the hands of his son, collapsed when called from his home across the street. He recovered quickly, however, and assured his friends he would face the situation stoically. He is 72 years old. His wife, mother of the younger Doheny, remained at home. The younger Doheny was the only son of the oil magnate.

## Gas Pressed Against Heart Causing Pain And Distress, He Says

Kidneys and Nerves Were Weakened; Stomach Out of Order—Tells How Nu-Erb Helped Him.

The great herbal remedy, Dr. French's Nu-Erb is growing daily in demand because of its certain action on the stomach, liver, kidneys and bowels. Its pure herbal juices tone and regulate these vital organs and drive poisonous waste matter from the system, which is so often the cause of rheumatism and neuritis. As a blood purifier there seems to be nothing to equal this splendid herbal medicine and being made from nature's own herbs, roots and bark, it is perfectly safe for anyone to take. "It is the only medicine that has ever helped my stomach, kidneys and nervous troubles," said Mr. Edmund Kierstedt, who is well known Port Jervis farmer.

"I'd get such distressing attacks of indigestion that the gas pressed up against my heart causing me so much pain and distress that at times I could hardly breathe. I'd also get severe attacks of heartburn from which I could seem to get no relief. I had a dull, aching pain across my back all the time and my kidneys disturbed me several times each night. I became extremely nervous, couldn't sleep at night and felt tired and worn out all the time.

"Since using Nu-Erb, however, this has all been changed. I can eat just anything I want and have no trouble with gas or indigestion. It has entirely done away with the heartburn, backache and my kidneys have improved so that I sleep soundly all night long. Nu-Erb has also strengthened my nerves and that tired worn out feeling has entirely disappeared. I can honestly recommend this medicine to anybody who is suffering from similar troubles."

Melville Drug Store, 312 Wall Street, is headquarters in Kingston for Nu-Erb. To see the Nu-Erb man now making his headquarters there and let him explain to you the merits of this remarkable medicine.

Drake's Drum

There is a legend in Devon, that in times of danger to England a booming sound is heard, as of the playing of a gigantic drum. This has been called Drake's drum. It being popularly supposed that the famous admiral is thus endeavoring to awaken the people to the realization of danger. There is no actual drum, of course. After the World War broke out there were many who declared that they had heard this "drum" on the night of the 4th of August, 1914.

Modern Superstitions

School children in London still wear charms against various evils, according to a recent survey. Blue beads are worn to ward off colds. Forty per cent of the youngsters are addicted to wearing amulets of various sorts.

## Adopt New Football Rule

New York, Feb. 18 (AP).—Adoption of a radical new gridiron rule, giving fumbled balls dead at the spot of recovery, when recovered by the defensive team, was announced by the National Football League Committee as the chief feature of a two-day secret session. The committee's decision, which gives a recommendation having the support of many football coaches, was made public by W. S. Sanford, secretary.

## TWO BLACKSMITHING DEMONSTRATIONS THIS WEEK

At the request of local committees the Farm Bureau has arranged two blacksmithing demonstrations. The first will be held Tuesday, starting at 10 a. m. and continuing all day, at John H. Beatty's farm on the Hurley road near Kingston. The second on Wednesday will be held at Flatbush in Mr. Klothe's shop. The hours will be the same, the afternoon session starting at 1:30.

Professor Henry Assmus of the State College at Ithaca will be on hand to conduct these meetings. He has been in the county before and

everyone is looking forward to these meetings. He is an expert in this type of work as well as having considerable practical experience. Everyone is cordially invited to attend, but each individual is expected to provide their own lunch, if they plan to stay all day. The problem of blacksmithing is receiving considerable attention. Many men must drive five or ten miles to a blacksmith shop. In some cases this is a serious inconvenience. Consequently men all over the state are taking an active interest in this type of demonstration. It is practical and gives those who want to learn blacksmithing an excellent opportunity to learn the fundamentals.

**PARTISAN STILL**  
SAND PROTECTOR  
Albany, N. Y., Feb. 18 (AP).—Although the condition of the ruffed grouse, commonly known as the partridge, which led to the closing of the season last year in New York state, is said to have improved during the past year, game inspectors of the State Conservation Department are agreed, for the most part, that the protection should be continued.

Inspector DeSilva, working in Sullivan, Ulster, Dutchess, Orange and Putnam counties, reported: "We have encouraging reports from different localities regarding partridge. We think that the season on these birds should remain closed for at least another two years."

Inspector Johnson, Rensselaer, Greene, Albany, Schoenewald and Columbia counties: "I received many reliable reports on the increase of ruffed grouse and it is pleasing to note the respect the hunters show for the close season. There were many broods and they were well distributed." He also advocated a continuance of the close season.

Inspector Leland, Hamilton, Warren, Washington and Saratoga counties: "In most sections of this division grouse are reported on the increase and observers believe that there is a chance for them to come back if protected for a few years more."

Inspector Burmaster, Franklin, Clinton and Essex counties: "I do not believe that the partridge increased enough to warrant the opening of the season next year. I have only had one man tell me that he has noticed any increase in the number of these birds."

Inspector Underhill, Herkimer, Fulton, Schoharie, Otsego and Montgomery counties: "I have received many reports of hunters that they found large numbers of partridges while hunting rabbits during the winter, which would indicate that these birds are again on the increase."

Inspector Slater, Schuyler, Chemung, Tioga, Broome, Chenango, Cortland and Tompkins counties: "Ruffed grouse are on the increase but I believe the season should be closed for one year and I have heard quite a number of bird hunters express opinions along these same lines."

**THOSE RUN DOWN AFTER SERIOUS ILLNESS NEED STRENGTH-BUILDING FOOD TONIC**

**Father John's Medicine of Great Value In Rebuilding Health**

Following a period of serious illness comes a time of great danger to those who find themselves unable to gain normal strength and health. This weakness which seems to make recovery so hard and long-delayed is a period of special danger because the rebuilding power of the body is lowered and the patient has little strength to fight off colds, flu and other more serious illnesses.

During this time of danger the safe tonic for all the family is Father John's Medicine. This old-fashioned pure and wholesome food medicine contains strength-building, health-giving elements which are easily taken up by the weakened system and quickly made into new strength and health. Contains no narcotic drugs in any form.

## ELEANOR GUNN ON FASHIONS

THE NAVY ENSEMBLE HAS A CONTRASTING JUMPER JUST TO BE SMART.

New York—In the not so long ago the fact that navy blue was to be fashionable for spring would certainly not have been news. Navy has been declared however for several seasons, and it was only last year that it got one foot over any smart threshold. Last autumn Lelong, Patou and others of the haute couture certainly had the blues, and among them navy, middy and all sorts of dark shades. For some reason or other these colors never make as favorable an impression in the fall as they do in the spring. Navy is associated in most minds with spring and for spring it had to wait to be really assured of its welcome.

Lanvin made a favorable impression in her early February showings, with combinations of navy and white.

Inspector Leland, Hamilton, Warren, Washington and Saratoga counties: "In most sections of this division grouse are reported on the increase and observers believe that there is a chance for them to come back if protected for a few years more."

Inspector Burmaster, Franklin, Clinton and Essex counties: "I do not believe that the partridge increased enough to warrant the opening of the season next year. I have only had one man tell me that he has noticed any increase in the number of these birds."

"I can't help that," returned the realistic reporter. "That's where he was."

#### RIFFTON.

Riffon, Feb. 15.—C. Schickler and daughter, Tessie, from New York city, were home for a few days.  
John Brown and wife went to Connecticut for quite a stay there. Mr. Brown has the contract for building 58 houses.

Misses Dorothy, Molly and Tessie Schickler and Eleanor Walker spent an enjoyable day in Kingston on Monday, attending Broadway Theatre in the afternoon and the minstrel of the Veterans of Foreign Wars in the evening.

J. Murphy and family are leaving Riffon and going to Walden, where they purchased property and will make their home there.

Mrs. C. Schickler entertained the Jolly Eight Pinocchio Club Friday night. Games were played till 10:30. Then a good old fashioned "kaffe klatch" was enjoyed. After this the club made "whoopie", and oh, boy, they sure did have a good time. If laughing makes one fat, I can see where the members will put on weight. Those present were Mrs. C. Schickler and daughters, Dorothy and Molly, Mrs. Ashrott and son, Mr. and Mrs. Walker and daughter, Eleanor, Rockwell Quick, Mr. and Mrs. L. Falkowicz and daughter.

#### A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsion of cod liver oil in a pleasant taste. Creomulsion is a medical discovery with two-fold action; it soothes and breaks the inflamed membrane and inhibits germ growth. Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membrane and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germ. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

## Fear of Floods Affects Europe

London, Feb. 13 (AP).—In prospective there is a new danger appeared for Europe today. It was feared that eventually there will be floods from the melting of the weeks' accumulation of ice and snow in the mountain areas which will spread destruction as the waters seek outlet to the sea.

Meanwhile fierce snow storms were reported in central Europe, ice conditions were as bad as ever in the Scandinavian countries, and the wintry weather still caused intense suffering in the Balkans.

In the British Isles the cold subsided somewhat. Along the coast, and in London, the high wind was still and a heavy fog settled down. Floods were clear in most sections where there was no more snow yesterday.

The Mail today said that with the intense cold of the last four days a more virulent type of influenza than London heretofore had known made its appearance and claimed many victims. The symptoms were the same, being severely prostrated—temperatures high, headaches worse, and general discomfort greater.

Poland seems to have the worst of the central European snow storms. Railway communication was discontinued and in eastern Galicia many entire districts were completely cut off. Tarnopol has been unable to communicate with the outside world by any means other than radio since a week ago Saturday. The government has organized a sleigh village to village type of transportation in this district. Snow closed all schools and abandoned train service with Warsaw.

In Scandinavia the Danish State

Railway announced suspension of all traffic over the Great Belt because of the ice. The route to Germany by way of Gothenburg and Warnemunde also was halted when the ferry became icebound outside of Gothenburg. Danzig reported 119 vessels frozen in the ice. Southern Scandinavia had tremendous snowfalls.

From Venice came news that a sergeant was killed and two soldiers were seriously wounded when a special train ran through a group of soldiers as they walked along a railroad track between Trieste and Postumia. A heavy snow storm prevented them from seeing the approaching train.

In Berlin a municipal gas tank exploded and injured five pedestrians. Windows were smashed and walls cracked under the concussion. Experts believed the blast to have followed bursting of underground pipes by frost.

## Chandlers Down Albany Quintet, Merritt Stars

The Chandlers handed out a 39 to 10 defeat to Albany at the Y. M. C. A. court Saturday night before a large attendance. The Albany team got the jump on the Chandlers as soon as the game got under way. The visitors held the lead up until the end of the third quarter, when the Chandlers stepped in front with a three point margin as the period ended. In the last quarter Merritt put the leather through the rim six times from scrimmage. He did his scoring at a very opportune time and led the list of scorers with 20 points to his credit.

The capital city team rolled up six points before the Chandlers tallied. Derrinck scored a field goal and later he found the basket twice from the free throw line. Houser made the other two points when he sank a deuce. It was after this that Merritt made the Chandlers' first two points. The Albanians continued to score not having much trouble finding the hoop. Following Merritt's score, Smith tallied once from scrimmage and again from the foul line. Davenport made a pretty one handed shot from the side of the court and later Merritt made a foul shot which was the only one made good of the seven chances. Smith of Albany then scored a two pointer and Niles did likewise for his team. The quarter ended with Albany far in the lead, 13 to 5.

In the second quarter the local team began to get organized. In the first session the Chandlers had a hard time working the ball through the Albany defense, but when they did their close up shots were generally missed, and when they followed their shots up it yielded the same result. The ball would roll around the hoop and drop off. For a while it seemed as though there wasn't any hole in the basket. All this tough luck in shooting and other handicaps were cast aside when the second quarter began. Niles made three points to start things off, scoring once from scrimmage and once from the foul line. Smith and Morris blanked his three points out when the former made two free throws good and Morris sank one. Following this Merritt scored twice and Niles tallied once from scrimmage which brought them the closest they had been yet to their opponents' lead, 16 to 14. It looked as though Albany was going to step away again for Derrinck placed the ball through the hoop for two points but the gap was gradually bridged as Fox made a single followed by Merritt's and Krum's doubles. In this time Houser managed to score and the half ended with the Albany team still in the lead, 20 to 19.

The third quarter saw five minutes played before anyone scored. Both teams took few shots in this time but most of the five minutes was spent trying to work the ball under the basket on the part of both teams. "Chet" Fox, who has become noted to the fans for his pop shooting, now put his team in the lead by sinking one of these shot shots, 21 to 20. There was another period in which the quintets displayed their splendid team work. To break it up Smith of the upstate team, scored a field goal putting his five in the lead more 22 to 21. After this from scrimmage which allowed the Chandlers to hold the lead at the end of the third quarter, 25 to 22.

The last quarter was all in favor of the Chandlers. They gathered 14 points, ten of which was made by Merritt. Albany succeeded in making five points but the Chandlers' rally was too much for them to overcome. Niles and Kennedy were the other two Chandler men that scored in the last period. Three of the Albany team's five points were made from the foul line. Smith made two and Harris made the other. Houser sunk the last field goal of the game. The final whistle sounded with the Chandlers far in the lead, 39 to 27.

**Game Here Tuesday.**  
The Troy Y. M. C. A. team is scheduled to play the Chandlers this Tuesday night at the local "Y" court. Whether the Troy team will make their appearance or not Manager McDowell of the Chandlers is not sure and if such should happen the Chandlers will play another team which has not yet been announced.

## JOCKEY IS RICH, BUT WON'T QUIT

### Millionaire Rider of Australia Still a Winner.

England has her Steve Donoghue and the United States has her Fator, but Australia believes she has in old Kelly Lewis one of the world's greatest jockeys.

Certainly his record is the most singular of any jockey riding on any international track.

Lewis is forty-nine years old. He is reputed to be worth over a \$1,000,000. He has ridden the winner of the Melbourne cup four times and to Australia the Melbourne cup stands on the same shelf with the wreaths of the English and Kentucky derbies.

Old Kelly made of himself a national hero when he won the big race on Trivale, a 6-to-1 shot, and in giving him an ovation the 100,000 spectators paid tribute to a pair that was more than \$100,000 in purses during the season.

In addition to winning the Melbourne cup, Lewis and Trivale won the \$35,000 Sydney derby, the \$25,000 Sydney derby and several other less important races and purses.

There was a long stretch of 22 years between Lewis' third and fourth cup victories. He won his third victory on Sybilite in 1904, and, in the meantime almost a generation of young jockeys came and passed while the old veteran continued to keep his place at the top of the winning lists.

Being the possessor of a fortune that assures him a life of ease when he hangs up his boots, Lewis' friends frequently have urged him to retire and avoid the chance of being injured.

"I am still young, why should I retire?" he asks.

"Race riding is not a business or a profession with me. It is recreation, and away from the track I would not be happy."

"Happiness means more to me than money. And also I want to be on a few more cup winners before I quit."

## Junior Sunday School Games

In the Junior Sunday School League games played at the Y. M. C. A. court Saturday afternoon, Clinton Avenue defeated the Presbyterian B team, 17 to 4 and St. John's triumphed the Presbyterian A team, 17 to 3. In the St. John's-Presbyterian A game it was an easy victory for St. John's. The losers failed to score in the first half of their battle and in the second period they only scored three points. The tally at the end of the first session was 10 to 0 in St. John's favor. In the second period the winners rolled up 7 points. A. Hazenbush scored 10 of the 17 points to lead the list of high individual scorers.

The Presbyterian B team held their opponents in the first half but in the closing period the Clinton Avenue representatives scored fast and frequently to take up the lead by a safe margin. By the time the third quarter ended there was quite a gap between the scores of the teams. At half time the Clinton team led by a point, 5 to 4. Boice did most of the winners' scoring, making three fields and a foul. The game ended with the Clinton Avenue team on top, 17 to 5.

## PORT EWEN PYTHIANS OUTSCORE FLEISCHMANN'S

The Port Ewen Knights of Pythias team, who defeated Fleischmann's, 43-59 at Port Ewen Saturday night, had no easy time with the mountaineers, for the visitors threatened to snatch the contest at several points during the game.

Fleischmann's led the Pythians 30-21 at half-time. The Knights then forged ahead and held the advantage at the end of the third quarter. The fourth quarter brought another turn in the scoring tide and Port Ewen was again on the short end of the tally. Van Eten and Joyce, who scored heavily during the tilt, saved the day for the Pythians in the last stages of the game. Thursday night the Knights are booked to meet the Castleton All-Stars of Albany at Pythian Hall. Port Ewen. This tilt will be preceded by a game at 7:30 o'clock between the Port Ewen Men's Club and Trinity M. E. quintet of Kingston.

## Senior Sunday School Games

At the Y. M. C. A. court Saturday night two Senior Sunday School League games were played. The first game between Port Ewen and St. James was an easy victory for St. James team. The final score of this game was St. James, 29; Port Ewen, 3. The Comforters defeated Clinton Avenue, 36 to 24. This Comforter-Clinton Avenue game was fast and hard fought all the way through.

In the third quarter the Clinton team found the hoop very frequently and threatened to take the lead. In the last period the Comforters got back in their old stride and rolled up a safe lead once more.

St. James had five times Port Ewen's score at half time, it being 15 to 3. The St. James team wasted no time in getting started and before their opponents found themselves the winners had rolled up a 10-point lead. Port Ewen gathered all their points in the first half. Middaugh was the only man to score for the Port team. He found the hoop once from scrimmage and once from the free throw line. In the second half St. James found the hoop for 14 points more, while Port Ewen although they tossed the ball at the basket many times none found their way in for a score. Smith was the leading scorer for the winners with seven points beside his name. The final score was St. James, 29; Port Ewen, 3.

Clinton Avenue started out by taking the lead in their game with the Comforters. They didn't hold the upper hand very long for "Al" Roosa, who collected 22 of the Comforters' 36 points, began to make two pointers from 15 angles of the court.

When they first took up the lead position Clinton Avenue managed to keep close behind and at half time the Comforters led 20 to 16. It was in the third quarter that the Clintons went on a drive for points and gathered enough to make things interesting. Here again Roosa came through with one of his lone rallies and put his team safe in the lead again. In the last quarter the winners did most of the scoring and the game ended with the Comforter team far in front, 36 to 24.

## Trotzky Ill in Constantinople

Constantinople, Feb. 18 (AP).—Far from having been removed to Ankara, Leon Trotzky lies so ill in the Russian consulate here that to move him at all would be dangerous, it is believed.  
 Even servants are excluded from the vast wing of the consulate where he is confined to his bed. His wife, and the four Soviet guards who brought the two here from Alma Ata, Russian Turkestan, his former place of exile, attend to his wants and act as nurses.  
 It is said that until Trotzky improves there is no possibility of moving him to Ankara, Broussa, or any other place.  
 His isolation at the consulate is complete. No one is found who professes to have seen him, although there are reports that he is wan and haggard from the ravages of ill health, accentuated by the rigors of life in the Turkestan, and aggravated by the stormy voyage here across the Black Sea.  
 The consulate is heavily guarded and entrance to it by strangers has been made difficult. But once inside even kitchen gossip as to the "once powerful Soviet figure" is lacking.

## Hope to Relieve Colorado Town

Derango, Colo., Feb. 18 (AP).—The army of shovellers working day and night to cut through mountainous snowdrifts to Silverton and Eureka, near here, where food supplies are almost exhausted, had hopes today of reaching the isolated mining settlements within the next day or two.

Only one great slide and a few small ones remained to be cleared from the tracks of Denver and Rio Grande Western Railroad before a train loaded with supplies for the 1,500 inhabitants of the two communities can be moved into Silverton. Eureka is only a short distance from there.

Residents of the towns sent word yesterday by telephone, their only means of communication with the outside, that the food shortage rapidly was becoming serious. Only a small supply of meat, butter and eggs was on hand, they said.  
 The slide at Needleton on the way to Silverton, the greatest obstacle in the way of the section crews that have been at work since February 12, has been penetrated. This slide buried the railroad tracks under nearly 100 feet of snow over a half mile stretch.  
 The only serious avalanche now obstructing the railroad is at mile post 488½ and the workers expected to have this cleared away by late today. They planned to use a rotary snow plow on the same slides.

**WEST SHOKAN.**  
 West Shokan, Feb. 18.—Quite springlike weather prevailed over the week end. Clyde Winchell of Shokan has tapped his sugar bush and reports a good run of sap which brings to mind a few lines of an old poem:

When the days are sunny and warm,  
 And the nights freeze,  
 Then, sugar makers  
 Tap the trees.

The attendance was large at the Baptist Church service on Sunday afternoon due no doubt to the balmy springlike weather. The Rev. Ahrens delivered as usual an inspirational address from the text selected by a member of the congregation. The newly organized choir rendered a number of appropriate selections which received many favorable commendations.

Golden Van Benschoten, the renowned naturalist and hunter of Shokan, succeeded in taming a friendly deer that it would appear regularly every afternoon between two and three o'clock in the woods in the rear of his residence, and come up to the back porch for apples which would be thrown out and even walk around the house and look in the windows. He has an excellent snapshot of the deer taken at close range as proof of his friendship to God's creatures.

Miss Alice North, proprietor of the Bushkill Inn and turkey farm, has the following collection of breeding stock: 13 turkeys, 6 raccoons and 3 silver foxes. She states that the sunshine of groundhog day did not effect the raccoons who did not arouse from their winter's nap. Miss North is a progressive young woman and her many friends wish her the greatest success in her undertakings.

E. C. Davis made a trip on Friday to George Van Kleeck's blacksmith shop at Samsonville Heights.

It is reported Merrin Barringer, the expert trapper of Samsonville Heights, has taken this season 3 foxes, several minks and a number of raccoons. Evidently the consistent war of extermination against the fox is having its effects as a few winters ago Mr. Barringer caught about 20.

Willis Eckert of Bushkill Heights, who is an old fox trapper, recently stated that he had not seen a track in any of the snows this winter.

On Friday afternoon the following guests were entertained at the home of Mrs. Watson Bishop of West Shokan Heights: Mrs. Wealthy Coreney, Mrs. William Elwyn, Mrs. Ira Goodrich and Mrs. Ruth Wilson, all of Woodstock. A very pleasant social time was spent in the renewing of old memories, piano duets and interpretations of old time dances which were exhibited by Mrs. Coreney and Mrs. Goodrich who are life-long friends of Mrs. Bishop.

Quite a number of local residents were witnesses at the automobile accident case on Friday afternoon at Judge Windrum's court at Winchell's Hall, Shokan, which was the outgrowth of a smash-up some weeks ago at Boileville between Mrs. Erickson and Mrs. Law of Chichester and Robert York, a local resident. However, nothing of note occurred as the warrant issued against Mr. York was found upon examination by his counsel, William D. Brimmer, to be defective and the case was adjourned for ten days.

Some miscreant has recently been disturbing mail boxes along the boulevard. Saturday morning William Jones found his knocked from its fastenings on the post, and the large wooden Bishop and Davis box which stands with the row of boxes on the fence at Dryer's Corners also had part of the bottom and back knocked out of it. This box has been standing for about twelve years having been built and placed there by the late N. W. Bishop. Evidently whoever may have been responsible for such acts, does not realize that it is infringing against the postal regulations of the United States government and if apprehended would be liable to prosecution.

John Jordan, local fertilizer agent, was out on Friday taking orders among his customers.

The wooded section of the Gilder-eve Farm, that lies along the west side of the mountain road, is being underbrushed and trimmed out which prevents the appearance of a park, and is a pronounced improvement.  
 The frozen water supply pipe line at the Burgher bungalow here at last has been opened and the water is running freely once more.  
 Mrs. Jane Ann Burgher and her daughter, Mrs. Homer A. Burgher, are spending the week end at the home of Mr. and Mrs. Fred Toms of Kingston.

Mr. and Mrs. Charles Mosley and family were Phoenixia callers on Friday evening.

Mr. and Mrs. E. C. Burgher and son, Bobbie, were Kingston visitors on Friday evening.

Jordan brothers of Brodhead are busily engaged in cutting and hauling firewood.

Professor Condon has recently acquired a new Chevrolet sedan.  
 Following the session of Shokan I. O. O. F. Lodge on Saturday night, which was well attended, an exhibition of motion pictures was given by Operator Tracy Alexander with Oscar Dudley's electrically driven picture machine.

The many friends of Tracy Alexander, Dr. Duford's popular chauffeur, are glad to see him back home again after a vacation of several weeks' duration. He reports having a wonderful time.

Edward Erver, James Burgher and Clayton Burgher, assisted by Alonzo G. Burgher, began their ice gathering operations on the reservoir on Saturday. The ice is said to be 12 inches in thickness and of fine quality.

Mrs. Arthur Snyder made a business trip to Shokan on Saturday for the purpose of shipping a number of crates of eggs by parcel post to city customers, which are supplied by the blooded flocks of the Traver Hollow inn poultry farm.

Mrs. James Burgher, the village seamstress, is kept quite busy in the making of spring garments.

A number of local Masons are planning to attend the Washington's Birthday celebration to be held on Tuesday night at Kingston Lodge, No. 16.

Local residents are informed that Clarence Donohue returned to his home at Kramville on Friday.

The many friends of Jacob V. Merrihew of Kingston regret to learn that he has sustained a severe fall, breaking his collarbone. Mr. Merrihew holds the distinguished record of representing the town of Olive as its supervisor for twelve consecutive years continuing throughout the period of all the construction operations of the Ashokan reservoir.

Homer Markle, Jr., of Shokan attended the I. O. O. F. Lodge session at Tongore Saturday night.

Mr. and Mrs. Homer Markle and

son, Homer, Jr., of Shokan, attended the services at the Baptist Church on Sunday.

Mr. and Mrs. Lester S. Davis were out of town visitors on Sunday.

Mrs. Hannah Davis entertained out-of-town callers on Saturday.

Michael Dwyer suffered another severe attack with his side on Saturday. He is, however, feeling considerably improved and is able to be about the house. Mrs. Dwyer, who

has been sick all winter, is now considerably improved.

Chase Davis fell heavily on the ice on Saturday, striking his back. Although pretty well jarred up he is able to be about his work as usual.

Mr. and Mrs. Shepard Bell, of the West Shokan Inn, were recent guests of Mr. and Mrs. Homer Markle at their home in Shokan.

Mr. and Mrs. D. N. Mathews, also Miss Bertha Mathews, of Kingston

were Sunday afternoon visitors at the home of Mrs. Watson Bishop of West Shokan Heights.

E. C. Davis was a caller in the Connor neighborhood at Shokan Heights on Saturday.

The children's hour broadcast from Station WJL on Sunday morning in commemoration of Washington and Lincoln, was very appropriate, and was greatly enjoyed by local listeners.

# Teamwork

**F**OOTBALL-BASEBALL or business, it's teamwork that makes for the fullest measure of efficiency... and certainly the management of a well-conducted household comes under the heading of business—Yes—a little teamwork in handling the family finances will very materially increase the buying power of the household dollar.

The clever Housewife who reads The Freeman ads every day discovers many unusual opportunities to save money—Occasionally, however, she finds it inconvenient to run down town on a shopping trip—That's where "Teamwork" can be made to play an important part in this household business.

Rather than lose out on the money saving possibilities of any special offering, she phones her husband or some other member of the family, to stop in and pick up the advertised article on the way home - - This type of "Teamwork" pays big dividends.

## Bureau Laboratories in New York City

Mr. LeFerre was twice bitten, on the right hand and the thigh. Several hours after the dog had bitten him, it was found by Jerome Le Ferre alongside the road, an automobile evidently having struck the animal. The dog was shot and its head sent to Albany by Dr. Coddington and Mr. Rosenfeld. The Albany authorities made their report last week, and the New York laboratories at the same time supplied the serum for treating Mr. Le Ferre.

## ANNUAL BANQUET FOR MEN AT FIRST DUTCH

The seventh annual banquet for men will be held in the old First Dutch Church Wednesday evening of this week. The hour is 6 o'clock instead of 6:30, as heretofore. The men will please assemble in the church auditorium a little earlier, leave hats and coats in the pews, and proceed into the lecture room promptly on the hour. The Henrietta Wyckoff Guild, having a membership of 80 women, will again serve the dinner, and that is a guarantee that as to quality and efficiency in service it will be up to the high standard set the past years. The speakers this year are Major Walter O. Woods, treasurer of the United States, and Dr. Samuel W. Grafflin, religious work director of the Westside Y. M. C. A., New York city. It will be the major's first appearance in Kingston. He will be the guest of Philip Elting. Dr. Grafflin spoke at this patriotic banquet two years ago on the subject "Building Boyville". The message, so strong, vigorous and forceful, and so intensely practical, left a profound impression upon all that heard him. His return will meet with the hearty approval of all the diners. And it should certainly be esteemed a privilege to have the United States treasurer grace this function with his presence. Dr. Boeve and his splendid body of men are sparing no effort to make this an occasion of joy, good fellowship and of genuine inspiration. There will be mass singing between the dinner courses led by Kingston's popular leader, Paul Zucca. The dinner hour, remember, is 6 o'clock.
